PTSA Presidents & Principals Discussion Questions

Icebreaker question:

What's your strongest school memory? Where did you go to school?

1. Communication

Communication between PTSA president and principal, between the school and the PTSA, and to parents is very important. *Based on your experience, what's been done in the past that has been successful? What ideas do have for any potential changes or improvements?*

2. Challenges

What do you foresee as some of your biggest challenges next year as principal? As PTSA president? How can we support each other?

3. Outreach

What ideas do we have to help ensure that we continue to focus on making our school community and PTSA welcoming to all?
