Ask your principal the number of 1.0 teaching staff based at your school (do not add .5 or .3 or any number just the 1.0 certified teachers) This number is your goal to attain the 100% teacher award. You can use the whole staff pool of employees that work in the school to reach that number. So an admin person or counselor can count for a teacher. They also count towards your other membership awards from Seedlings up to 100%.
