

## **COLLEGE & CAREER PREP 101- 8th grade PARENT NIGHT**

On Tuesday **January 10, 2017** the Inglewood Counseling Department will facilitate an important 8th grade Parent Night event titled, 'COLLEGE & CAREER PREP 101'. Throughout the month of January, Inglewood's counselors and teachers are working with students in all grade levels through Homeroom activities and Career Guidance lessons to highlight the importance of career and future planning.

Our College & Career Prep 101 night will feature a panel of post-secondary school experts sharing pertinent information about educational and career opportunities for your students during high school years and beyond. The guest panel span several local programs as well as Admissions Representatives from 2-year Community College and 4-year universities, both Independent/Private and Public/State, and vocational/technical programs such as Lake Washington Institute of Technology.

Each guest will provide direct information regarding admission requirements, high school access opportunities and helpful tips to better equip you with information to help your child plan their future.

We anticipate a full evening rich with information targeting parents of current 8th Graders toward supporting your students (the '**high school graduation class of 2021**') as they ready their own futures in the world of higher education and fulfilling careers.

The evening starts at 7:00pm and ends at 8:30pm.
