

Hello RHS Parents/Guardians,

Starting with the class of 2010, students of Redmond High School will complete a Graduation Portfolio as a graduation requirement. The Graduation Portfolio replaces the former Culminating Project and includes the required individual High School & Beyond Plan. Portfolios will be independently developed and maintained by students outside of the normal school day.

An informational session for parents will be held on Curriculum Night (9/23) at 6:00PM in the Performing Arts Center. If you are unable to attend, you can find detailed information about the portfolio on our school website on the Academic & Career Planning page. Parents will also receive emails with information about specific assignments and due dates throughout the year. Feel free to contact me or the Portfolio Coordinator, Grace Brady gbrady@lwsd.org with questions.

Melissa Pointer; Associate Principal
