

Mark Twain Elementary School 2010 Science Fair

Thursday, February 4th, 6 pm to 8 pm.

Mark Twain Commons Area

The Mark Twain Elementary Science Fair is a PTSA-sponsored event.

Introduction

Dear parents and students,

The Mark Twain PTSA Science Fair Committee invites you to participate in this year's science fair. Hands-on experimentation is one of the best ways to teach critical thinking and problem solving skills, not only in science, but in all areas of learning. Below you will find information about preparing a project for the fair, which should be especially useful if this is your first time doing a project.

General Information

The Mark Twain PTSA website has the science fair handbook posted:

<http://www.lwsd.org/school/twain/PTSA/Pages/default.aspx>.

Students may arrive as early as 5:30 pm to begin setting up their projects. Electrical outlets are limited, so please note on your entry form if you need electrical access and bring your own extension cord. The fair will end at 8 pm.

Exciting live science demonstrations and hands-on science activities will be provided for all to enjoy.

One lucky family will win a door prize for a year-long membership to the Pacific Science Center!

“Visiting scientists” will interview students about their projects. Every participant will receive a beautiful Mark Twain Science Fair award ribbon to recognize the student's effort (up to 100 students).

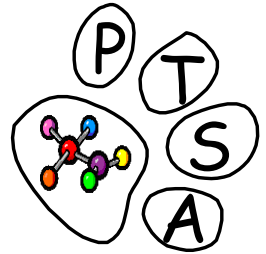

Mark Twain Elementary School 2010 Science Fair Entry Form

Thursday, February 4th, 6 pm to 8 pm

Mark Twain Commons Area

The Science Fair is a Mark Twain PTSA-sponsored event.

Please give this form to the office or your teacher by Monday, February 1st.

Student (print) _____

Teacher _____
