Thursday, May 26, 2011 from 7:00 – 9:00 PM

Location: **Redmond Junior High Commons** (10055 166th Ave NE, Redmond)

College Planning: Finding the Right Fit for Your Student

Presenter: *Frances Finan*

This information will be helpful whether your student is a freshman, sophomore or junior with intentions to attend a 2-year or 4-year college, public or private. Learn how (and why) you can help your student narrow the focus.

Highlights will include: ★ Different pathways to college ★ How the changing economy has affected college admissions and updates in admissions policies ★ Resumes – what are colleges looking for? ★ Summer options to consider – jobs, job shadows, summer camps ★ Making the most of campus visits & college fairs.

Frances Finan, founder of College Fit Consulting, is a college consultant who has stepped away from her business in order to spend more time with her young family. Frances is well-prepared to educate families on the college admissions process. Through her membership in professional organizations including IECA (Independent Educational Consultants Association), and HECA (Higher Education Consultants' Association), she regularly takes part in conferences. She has made visiting college campuses a priority and collaborates with local consultants to keep current on admission trends.

Recommended for parents of 9th, 10th and 11th grade students
This FREE event is sponsored by the Redmond High PTSA
