Rose Hill Elementary is offering a 6-week pilot program, designed to introduce the royal game of CHESS to elementary school kids. The class is designed to be an introduction to the basic rules of chess, along with some fundamental strategies that will help kids establish a strong foundation in their understanding. Kids of all grades and skill levels are encouraged to enroll. The lessons are geared for beginners, but the instructors will challenge all students during play time by pairing up players of similar skill levels. When students complete the 6-week program, they should know all of the rules and be able to play a complete game.

*Limited space is available in the class. If we receive more registration forms than the maximum allowed in the class by the due date, then we will use a lottery system to choose all the participants. You will be notified if your child was chosen or not chosen for the class. **One parent MUST be present at each class or it will be cancelled.** Please consider volunteering by marking YES below.*
