LEAP4Kidz™ Jr Art Appreciation offers an integrated curriculum including expression, history, language arts, and team decision making to children using drawing medium. Learn about great works of art throughout history while exploring conceptual development, expression, and materials in this fun, creative class.

Children will work in drawing media including pencils, markers, and crayons. Each lesson will discuss a historical work of art, the concept behind each artwork, the individual who created the work, the each artwork's creative significance to mankind. The child will create their own art using the concepts discussed and explore how their own thought and creative expression influences their world!

*Limited space is available in the class. If we receive more registration forms than the maximum allowed in the class, then we will use a lottery system to choose the participants. You will be notified if your child was chosen or not chosen for the class. One parent **MUST** be present at each class or it will be cancelled. Please consider volunteering by marking **YES** on the form below.*
