## Rain Barrel, Compost, and Worm Bin Sale

All items \$25 each. Cash only. While supplies last. No pre or post event sales.

Sunday - September 27, 2015

starting at 10 am at

Discovery Elementary School Only

To encourage the use of recycled content material and more efficient use of water, the City is offering recycled plastic **rain barrels** at a huge discount. In addition, start backyard composting with a **compost bin** to save resources and money. Composting is a natural process that turns yard waste into rich soil. Yard waste contains mostly water. Once the material decomposes, rich soil is all that's left.

Worm bin composting is an efficient way to convert kitchen scraps into nutrient-rich compost for your garden. Simple to assemble and can be stored in or outside. Made in the US and constructed from high quality recycled plastic-\$25 each.
