We have over \$5,000 worth of BINGO, Raffle and Auction items, not including the priceless class projects!!!

- BINGO - This year there will fewer BINGO prizes to allow more time for the auction but all kids will be able to put their names in a drawing for additional prizes.
- RAFFLE - drawings will take place between BINGO games, and the winning tickets will be drawn randomly from the container designated for each package. Ticket holders must be present to win.
- AUCTION – Silent Auction tables will close between BINGO games. To place a bid simply write your name on the form next to the amount you wish to bid or next to the guaranteed price located at the bottom of the sheet which will ensure that you win the item.
- PAYMENT – Top bidders must pay for their items by the end of the evening and may combine purchases in one payment. All payments must be made by either cash or checks.
