➔ CHESS CLUB

GRADES 2-6...(1st graders welcome with some experience)

The game of chess is known to enhance the development of valuable critical thinking and creative problem solving skills in children that can later be applied in math and science. Chess is a universal learning tool that offers a rare combination of learning and playing. Our goal is to create a fun and challenging environment. We will play chess games, solve chess puzzles and learn chess strategies. We provide a workbook with chess puzzles for students and provide opportunities for students to participate in local chess tournaments. The Chess Star Co. is run by a 3 time US Chess Champion.
