

STUDENT BANKING is BACK!!!

Our student savings program ended last year, but we have found a great new program! Washington Federal Savings bank's **Save at School** program is coming here to Rose Hill EI! This program is similar to our previous banking program:

- **Student Banking day is still before school on *Fridays*, beginning *Nov. 6th***
- **It is still located in the Arts & Science room**
- **There will still be prizes every week for depositing money**
- **Students can keep track of their deposits with the Washington Federal Savings register books**

Here are some changes:

- **You must fill out the account form and attach at least \$5 to open your account, then Washington Federal will deposit \$5 in your account and you can begin banking every Friday!**
- **Student's accounts earn .50% Annual Percentage Yield!**

If your child would like to participate in this program, please fill out the attached account form and use the attached envelope to return it to the office, classroom or bring it in on Nov. 6th for the first day of banking and receive a prize. See the attached flyer for more information.

By participating in the **Save at School** program, students have the opportunity to develop healthy financial habits that can last a lifetime. As they watch their account balances grow, students learn: Responsibility, Discipline, Consistency, Goal-Setting & Money Management.
