

Junior Parents, Get Involved! We Need Volunteers for Graduation & Party Planning for Next Year's Class of 2011

Dear Parents of LWHS Juniors (and graduation class of 2011),
Traditionally Lake Washington parents have provided their graduating seniors provides a last chance for the senior class to be together, and is set in a fun-filled, safe environment. In a way it is a gift parents provide their kids.

Planning for this party begins in the spring of the students' junior year. Last year more than 40 parents turned out for the initial meeting. This year 9 parents attended. Of those 9 parents, most were willing to help, but no one is able to take the lead. If we all take a piece of the pie, we can get this done. Can you help?

This message is to garner support from junior parents. Fortunately, this year the bulk of the work is handled by a party-planning business-hired by the leadership of this special event. By mid-April, a company must be hired, the venue chosen (it is top secret), and a budget must be submitted to the PTA.

Volunteers are needed for the following

Again please consider helping. It would be such a shame if the class of 2011 didn't have a senior party because of lack of parent support. Please check the LWHS Website for upcoming meetings, and events & downloadable forms at <http://www.lwsd.org/school/lwhs> & then click on links that say **For Parents > PTSA > 2011 Graduation and Party Committee**

Thank you for your consideration.
