Wild, Wild Web: Keeping Your Kids Safe in the Digital World

A Workshop for Parents of Students Ages 7 - 12

Presenter: *Kathy Slattengren, M.Ed.*

Children have more access to all types of media and the daily use of this media is rising. Digital media gives our kids access to an amazing wealth of educational and social possibilities. However, it is important to set early limits and guidelines to prevent risky behaviors and overuse.

This presentation will include proactive parenting strategies on:

- How to teach your children about the responsibilities and potential dangers that come with technologies like the internet, Face book, video games, cell phones and texting
- What limits to set
- How to keep up with technology changes that may affect your children

Kathy Slattengren, M.Ed., is a recognized parenting educator, parent coach, author and founder of Priceless Parenting. She's been featured in Northwest Cable News' parenting segments, *KOMO Radio's Family 4-1-1* and *Inspire Me Today*. Learn more at www.PricelessParenting.com
