Classes are taught by Seattle Languages International. All of our language classes are primarily taught in the target language and focus initially on basic verbal communication before shifting to reading and writing. Depending on the age of the students, our classes incorporate different activities like playing games, singing songs, story telling and role-playing. Our classes are structured, fun and stress free, designed to introduce cultural aspects, build vocabulary and encourage speaking.

*Limited space is available in the class. If we receive more registration forms than the maximum allowed in the class, then we will use a lottery system to choose the participants. You will be notified if your child was chosen or not chosen for the class. One parent **MUST** be present at each class or it will be cancelled. Please consider volunteering by marking **YES** on the form below.*
